

How to Reserve Campus Time

As May 17th, 2021, this process is no longer required. The information below has been left for general scheduling documentation.

Access

Log-into [Lab Resources Scheduler](#) using your NetID and password. Researchers will only be able to see the availability of Resources (Campus Time) they have been granted permission to reserve.

Booked Scheduler v2.7.6

Book a Reservation

Although there are several ways to book a reservation, we recommend using Bookings or Resource Calendar.

Reservation Rules

- Check-in & check-out is required through the scheduling system.
- In adherence to social distancing, there is a 30 minute buffer that is automatically added between reservations.
- Reservations must be booked at least 30 minutes in advance.
- Campus Time can be reserved from 8:00AM-10:00PM, including weekends.
- **You may check-in for a reservation up to 15 minutes before the reservation starts and check-out up to 30 minutes after the reservation ends.**

Bookings

1. Click on Schedule, in the menu that drops down, select "Bookings"

2. This view is akin to a gantt chart; you can see the resource schedule for both PI slots. Click on the calendar icon, or the green arrows, to adjust the date time frame.

3. Click on a time slot and fill out the reservation form. Note that you can click and drag to select a longer period of time.

The screenshot shows the RTA Dallas reservation system interface. At the top, there is a navigation bar with 'DALLAS', 'Dashboard', 'My Account', 'Schedule', 'Help', and 'Sign Out'. Below the navigation bar, there are three main sections:

- Announcements:** A green header with a count of 1. Below it, a message states: "RTA JetFirst is down. Waiting Powerblock repair. ETA 4 weeks more. Vendor cant locate parts."
- Upcoming Reservations:** A green header with a count of 1. Below it, a table shows reservations for today, tomorrow, and later in the week. The table has columns for reservation details and dates. The entry for tomorrow shows "Jane Doe - Koss Lab" with a reservation time from "Sat, 5/23 8:00 AM" to "Sat, 5/23 11:00 AM" for "Campus Time for R. Gabe Cavazos Lab - Slot 1".
- Resource Availability:** A green header. Below it, a list of resources is shown under the heading "Available". The resources include "Campus Time for Bart Rypma Lab - Slot 2", "Campus Time for Heng Du Lab - Slot 1", "Campus Time for Heng Du Lab - Slot 4", and "Campus Time for R. Gabe Cavazos Lab - Slot 2". Each resource has a status (e.g., "Available Until Fri, 6/05 8:00 AM") and a "Reserve" button.

Resource Calendar

1. In the top navigation bar, click on 'Schedule', in the menu that drops down, select 'Resource Calendar'

The screenshot shows the RTA Dallas reservation system interface with the 'Schedule' dropdown menu open. The navigation bar at the top includes 'DALLAS', 'Dashboard', 'My Account', 'Schedule', 'Help', and 'Sign Out'. The 'Schedule' dropdown menu is open, showing options: 'Bookings', 'My Calendar', 'Resource Calendar', 'Find A Time', and 'Search Reservations'. The 'Resource Calendar' option is highlighted with a red box. Below the navigation bar, there are three main sections:

- Announcements:** A green header with a count of 1. Below it, a message states: "RTA JetFirst is down. Waiting Powerblock repair. Vendor cant locate parts."
- Upcoming Reservations:** A green header with a count of 0. Below it, the text "You have no upcoming reservations" is displayed.
- Resource Availability:** A green header. Below it, a list of resources is shown under the heading "Available". The resources include "Dr. John Doe - Slot 1" and "Dr. John Doe - Slot 2". Each resource has a status (e.g., "There are no upcoming reservations in next 30 days") and a "Reserve" button.

2. Under the Change Calendar drop-down menu, select the Resource you would like to view the calendar of. In our example, we've selected the Resource 'Dr. John Doe - Slot 1'.

3. Click a day on the calendar, and select 'View Day'. Note that in the top right, you can toggle the view to see dates on a monthly, weekly, and daily basis.

4. View Day will show the resource schedule for that day. Choose a time slot and fill the reservation form. Note that the form shown below is only a representation of the form you will fill.

Check-In & Out

Check-in/check-out when you enter/exit a building through the Lab Resources Scheduler.

Check-in

Navigate to the reservation details. In the top right, an orange check-in button will become available once it's time to check-in. Click it to check-in. You will receive an email on the day of your reservation with a link that will take you directly to the reservation. Find the reservation manually by navigation to 'Bookings' or 'My Calendar'.

- The button will appear 15 minutes before the start of the reservation, allowing you to check-in early.
- In the dashboard section of Lab Resources Scheduler, under the section "Upcoming Reservations" you can alternatively check-in by pressing the yellow check-in button.

The screenshot displays the 'Editing Reservation' interface. At the top, there is a navigation bar with 'DALLAS', 'Dashboard', 'My Account', and 'Schedule'. On the right, there are 'Help' and 'Sign Out' links. Below the navigation bar, the page title 'Editing Reservation' is shown in a green header. To the right of the header are buttons for 'View Availability', 'Cancel', 'More', 'Check In' (highlighted with a red box), and 'Update'. The reservation details include the user 'Vanllelyn Garcia (vanllelyn.garcia@utdallas.edu)', start time '05/22/2020 2:30 PM', and end time '05/22/2020 5:30 PM'. The duration is '0 days 3 hours 0 minutes'. The resource is 'Campus Time for R. Gabe Cavazos Lab - Slot 2'. The title is 'Jane Doe - Koss Lab' and the description is 'Conducting Analysis'. The reference number is '5ec821181dacb839614716'. There is a section for 'Please list any materials that will be required:' with a text input field containing 'N/A'. A checkbox is checked, indicating adherence to university policies. At the bottom, there is a 'Send Reminder' section with two checkboxes and dropdown menus for '15 minutes before the start time' and '15 minutes before the end time'. At the bottom right, there are buttons for 'Cancel', 'More', 'Check In', and 'Update'. The footer contains the text '© 2019 Twinkle Toes Software Booked Scheduler v2.7.6'.

Check-out

Navigate to the reservation details. In the top right, click on the same button that now reads as 'check-out'.

- **The check-out button will disappear 30 minutes after the reservation has ended. In other words, you will miss the check-out window if you attempt to check-out 30 minutes after the reservation has passed.**
- If you sign-in early, the check-out button will not appear until after the official start of the reservation.
- In the dashboard section of Lab Resources Scheduler, under the section "Upcoming Reservations" you can alternatively check-in by pressing the yellow check-out button.

Schedule Human Subjects Research

The method of scheduling campus time for human subjects research is similar to how regular campus time slots are scheduled. Once a PI has undergone the process outlined under the Human Subjects dropdown on the main [Return to Campus Research Activities](#) page, and they have chosen how many existing campus time slots they want converted to "Human Subject Slot(s)", the change will be reflected in LRS.

⚠ The information below currently only applies to BHIC affiliated-researchers only. At present, all others should follow the standard campus scheduling process. If you have not received information on the standard campus process, please email c19resource@utdallas.edu for more information.

Schedule Campus Time for Human Subjects Research

- Human Subject Slots are cyan.
- A 30 minute buffer still applies between participants.
- Only 3 research personnel per lab, given the COVID-19 test restrictions, can visit participants in a given week.
 - For example, let's say a PI has elected 6 personnel to conduct research in-person. Visits with participants begin the week of 10/12/2020. Only 3 of the elected personnel would be able to see participants that week. If the other 3 personnel need to see participants on the week of 10/19/2020, then they would take the COVID-19 test on Monday the 19th, and the 3 personnel from the previous week (10/12/2020) wouldn't not be allowed to take the test for the week of 10/19/2020 and would have to work with their peers to determine when they should schedule their next COVID-19 test to visit participants. In summary, the elected HSR personnel must coordinate with their peers and PI to determine who will be visiting participants on a given week to comply with the COVID-19 test restrictions.
 - **PIs are responsible for ensuring that only 3 of their lab personnel visit campus on a given week and have taken their COVID-19 test.**
- Besides following campus guidelines regarding how many people can be in the same place at once, a lab must follow IRB protocol.

1. Choose a time on the "Human Subject Slot (#)" to schedule campus time for human subjects research. See here for more information on how to use the [Lab Resources Scheduler](#).

Schedule COVID-19 Testing Appointment

- **Location(s):** BrainHealth Imaging Center (BPI 1.2C1) & Main Campus (AD 2.216)
- **Hours of Operation:**
 - BrainHealth Imaging Center (BPI 1.2C1)
 - **Monday** 8:00AM-11:00AM and 2:00PM-3:00PM
 - **Wednesday** 8:00AM-11:00AM and 2:00PM-3:00PM
 - Main Campus (AD 2.216)
 - **Monday** 8:00AM-11:00AM and 2:00PM-3:00PM
 - **Wednesday** 8:00AM-11:00AM and 2:00PM-3:00PM
- Appointments **must** be scheduled **24 hours in advance**.
 - For example, to schedule a 2:00PM appointment on Monday, 10/12/2020, the reservation must be made *before* 2:00PM on Sunday, 10/11/2020.
- COVID-19 testing appointments are scheduled in 5 minute increments.

- To schedule a COVID-19 testing appointment, you must select the schedule "Campus Time - HSR COVID-19 Testing (AD)" or "Campus Time - HSR COVID-19 Testing (BHIC)" in the drop down, as outlined in red on the image below.

The screenshot shows the UT Dallas scheduling interface. At the top, there is a navigation bar with "UT DALLAS", "Dashboard", "My Account", and "Schedule". A dropdown menu is open, showing "Campus Time - HSR COVID-19 Testing" highlighted in red. Below this, there are filters for "Open", "Blocked", "Reserved", "My Reservation", "Participant", "Pending", "Past", and "Restricted". The main area is a calendar grid for the period 10/07/2020 - 11/06/2020. The grid shows days from Monday, 10/12/20 to Monday, 11/2/20. For each day, there are time slots from 8:00 AM to 3:00 PM. A specific slot on Monday, 10/12/20 at 9:00 AM is highlighted in red and labeled "Reserve Test".

- Complete the reservation details.

The screenshot shows the "New Reservation" form. At the top, there is a navigation bar with "UT DALLAS", "Dashboard", "My Account", and "Schedule". Below this, there is a "New Reservation" header with "View Availability", "Cancel", and "Create" buttons. The form includes the following fields:

- Research TestStudent1 (rts000001@utdallas.edu)
- Begin: 10/12/2020, 10:00 AM
- End: 10/12/2020, 10:05 AM
- 0 days 0 hours 5 minutes
- Repeat: Does Not Repeat
- Resources Change: Campus Time HSR Personnel COVID Testing - Main Campus (AD 2.216)
- Accessories Add
- Title of reservation: (empty field)
- Description of reservation: (empty text area)
- Please check this box to indicate that you will adhere to all University policies and guidelines, including social distancing, use of protective equipment, and completing daily health checks *
- Send Reminder: 15 minutes before the start time, 15 minutes before the end time
- Buttons: "Cancel" and "Create"
